FIRE & POLICE DEPARTMENT PARTNER WITH CHARTER SCHOOL

Miami-Dade County, FL — City of Hialeah Educational Academy Charter High School is the first in the state to offer academies in law enforcement and fire and emergency response.

The President of Florida Consortium of Public Charter Schools, Robert Haag feels that the school is a model that other municipalities will want to duplicate. This is a wonderful addition to Florida's K-12 public education system. We salute Mayor Robaina and his staff for supporting choice in education and for implementing a unique career-oriented charter school."

Throughout high school, students will be exposed to the opportunities available in the field of public service and will meet with current police officers and fire fighters who will serve as active mentors and guide students until graduation. Additionally, dual enrollment courses will be offered through Miami-Dade College's School of Justice (Police Academy), and School of Fire and Environmental Science.

Located at 2590 West 76 Street in the City of Hialeah in Miami-Dade County, the public charter school is a dream come true for Mayor Julio Robaina who worked closely with his city's Police and Fire Departments on this project.
